## Chapter 1 by Alexandra

Men

Pride was a thing I never knew until the Incident. I thought pride is something you could develop but no you have to be born here. I am Jenna Lovely-Fighteie. I know what you think Lovely-Fighteie what's that Lovely is my dads and my moms is fighteie/valna but I am just fighteie. The first time I realized I need pride is when my dad cheated on my mom. You know how you think your family is perfect and always will be I lost that one day. That day after school my friend Lily's mom took us to Ice Cream and to the park and there I saw my dad and a girl half his age kissing! I almost walked up to him and slapped him and then run away crying instead I just hid and took a picture. I got home and when on Filter, inserted the picture and figured out everything about her. Her name and all her social media accounts. I went on Monteric and got her age and Maniolo for here pictures WITH MY DAD! I called my dads office to see if he was really working late for 5 months but really he wasn't! I even called the girl, Kelise. "Hello this is findaboyfriend.com we found a match." I say with an accent. "I dont need you any more I found I guy" I can't believe she uses the site :( "Oh would you like to know if he has an account" "Sure" Dumb "Describe him" "He is hot, not married but engaged to me, he has no kids, olympic gold medal winner for everything in the 109 league and I love him! Oh and his name is James Lovely and he is Lovely" "I bet he is, but sorry he doesn't have an account sorry" Lie he does "Oh he doesn't need one. HEHEHEHE" "Bye" I cant belive my dad has a indaboyfriend.com account and I cant belive he has 1000000 matches and met them all. OMG
